

AIS Homes Draw Local Opposition

by Jackie Bonkowski

The recent decision by the North Central Michigan Mental Health Board to proceed with the construction of four Alternate Intermediate Service (AIS) Homes in Crawford County has resulted in redoubled efforts by opponents of the project to halt the construction due to begin in November.

Organized opposition, and a scramble for legal avenues to halt the project got underway following Sept. 16 letters to property owners in the neighborhoods targeted for construction. The letters, from the Regional Mental Health Board, announced that both positive and negative community input had been considered, with the resulting decision that construction of the AIS homes would begin in November as planned, with occupancy expected in February or March, 1981. Opposition gained further momentum when a similar news release was published in the September 25 issue of the Avalanche.

AIS Homes are homes for the mentally and physically disabled. They are located in residential areas, and are designed to provide alternatives to institutionalization in state or regional psychiatric hospitals, as well as providing patients with an opportunity to adapt to a normal community environment.

Areas in Crawford County targeted for construction of such homes include a site in Frederic Township, and one site each in Sherwood Forest No. 2, Redwing Terrace, and Clough's Highland Acres—all residential subdivisions located in Grayling Township. While the Frederic Township site has received no opposition from residents, the opposition from residents, the opposition to the Grayling sites has been considerable.

In a meeting of homeowners from all three Grayling Township subdivisions, held Sept. 25, the following concerns were voiced repeatedly.

—Fear both of decreased property values and home marketability in areas surrounding the AIS facilities.

—Fear that erratic or unpredictable behavior by patient-residents would alter neighborhood environments.

—Fear that the degree of professionals of AIS Home staff, (to be drawn from local job markets) will be inadequate to guarantee control, or assure peaceful co-existence.

—Fear that the state's ability to successfully circumvent local zoning restrictions is an usurpation of the power rightfully vested in local government.

—Fear that the attempts to nullify private deed restrictions is a serious erosion of the rights of individual property owners. (Sherwood Forest No. 2 has private deed restrictions prohibiting the leasing or renting of property, which the state plans to do as an alternative to purchasing.)

—Fear that once the locality and supervision of mental health facilities shifts from state to local, a similar shift in fiscal responsibility will follow—for mandated education, facility maintenance, transportation, and needed supportive programs. This fear was partially reinforced by Crawford AuSable School Business Manager Paul Lerg. According to Lerg, the fact that the Crawford AuSable District may be out of state formula as of July 1, 1980, could mean that 100% local dollars may be required for the special education of all AIS residents under the age of 26. This cost, says Lerg, could range anywhere from \$25 thousand per student at the extreme, if unique one-on-one instruction is required, to \$5 or \$10 thousand per year per student for more routine special education.

—Resentment, stemming from a conviction that rights of property owners were largely ignored in site selection, despite Mental Health's promise that community acceptance was "a prerequisite to site selection."

In spite of efforts by Regional Mental Health officials to assure that AIS residents will be "good neighbors", that the homes will be attractive, well staffed; and that the program is healthy for both community and patients, the opposition continues.

Grayling Township adopted a formal resolution August 12, requesting the County Board of Commissioners to support property owners in their opposition, and requesting that Mental Health select alternative sites. The resolution also stated that proper notification to residents had not been given, and that the "prerequisite" of community acceptance had been ignored. An informal source close to the Township further stated that "the Township intends to utilize all means available to them to oppose construction of these facilities in areas of opposition, including an appeal to the courts if necessary."

A coalition of property owners from all three Grayling Township subdivisions are meeting Oct. 8 with counsel to seek legal avenues independent of the township.

County Seeking Funds from H.U.D.

The Crawford County Housing Commission will be seeking more housing rehab funds from H.U.D. to supplement the existing rehab programs, through the development of a pre-application for a single purpose grant. If the grant is approved, a substantial increase in funding could be made available to Crawford County residents for housing repair in the Spring.

Crawford County presently has a three (3) year comprehensive grant allocated for housing rehab and street repair. The Crawford County Housing Commission administers the rehab program along with other rehab programs from FmHA, H.U.D., Michigan State Housing Development Authority and the N.E.M.S.C.A. Weatherization program.

Even though the Housing Commission funds for the County program are exhausted for the first year, there is funding available through the other programs. The various programs offer a wide range of assistance to low and moderate income families, from grants to low-interest loans depending on income. Incomes can range from next to nothing to a six member family income of \$20,000.00. The funds are used for housing repairs such as roofs, siding, electrical, plumbing, insulation, etc. In some cases when a dwelling cannot be repaired, it can be replaced with a mobile or modular unit.

Applications are available at the Crawford County Housing Commission Office in the Courthouse, Monday thru Friday, 8:30 a.m. to 4:30 p.m.

If you own or are buying your home and need housing repair, there is a program for you.

Reye's "Awareness Night" Oct. 7

The Reye's Syndrome Foundation will be conducting an "Awareness Night" concerning the disease on Tuesday, October 7th, beginning at 7:30 p.m. at the American Legion Hall.

The public is invited to attend this community service function, which is designed to make the public more aware of the much talked-about disease and to alleviate fears during this school year.

A new 1980 film on RS will be shown and a question-answer period will be held.

KCC to Dedicate Administration Center

Russell Heilman, State Representative from the 110th district, will make the keynote address at the dedication of the new Administration Center on the Kirtland Community College campus. Dedication ceremonies are set for Sunday, October fifth at 3 p.m. on the lawn in front of the new building (on County Rd. 603/Sunset Drive). The public is cordially invited to attend.

The new Administration Center houses most of the administrative offices on campus, the secretarial and art classrooms, the maintenance shop, central duplicating, and shipping and receiving. The building is approximately 41,000 square feet and took over a year to complete.

The dedication will be followed by an open house. In case of rain, ceremonies will be held in Kirtland's auditorium.

Mental Health Services Hosts "Open House"

The North Central Mental Health Services Board and Staff will be hosting an Open House at the new Grayling Office located at 802 Ingham Street.

The general public is cordially invited to attend the fete, which is scheduled for Wednesday, October 8, 1980 from 3:00 p.m. to 6:00 p.m.

The Ingham St. address is located behind the high school football field.

Speed Enforcement Grant Extended

Crawford County Sheriff Joe White received word September 24th from the Michigan Office of Highway Safety Planning that a federal grant in the amount of \$21,657 had been approved to continue enforcement of the 55 mile-per-hour speed law in the county.

Approval of the funds brings to a total of \$82,757 approved to police the speed limit and extends the program here in the county to April 1, 1981. White said two deputies will continue with the department and their work will specifically involve speed enforcement assignments.

Eleven breaking & entering complaints reported last week are currently under investigation by sheriff's deputies. Those, along with eight personal damage accidents highlighted the sheriff's report the past week.

Six larcenies were reported, four traffic complaints were logged and a like number of disturbances were investigated by the department. Three personal injury accidents were reported, two prowler complaints were checked along with three reports of suspicious behavior.

A variety of complaints including DUII, malicious destruction of property, threats, assault & battery and unlawfully driving away an auto rounded out the sheriff's report.

It's October Again!

by Harrison Goodhue
for American Red Cross

The Maples on Michigan Avenue and Peninsula Street are once more a brilliant scarlet. The Aspens are turning a delicate yellow, and the Oaks are a rich deep brown.

Fall has come once more with its brilliant colors, and once more it is October and the month in which, traditionally, the money must be raised to assure continuance of the vital humanitarian services that American Red Cross, and only American Red Cross, provides the Citizens of Crawford County.

This October is especially significant, because this 1981 Fiscal Year, marks the anniversary of A Hundred Years of Service to the American People by American Red Cross!

It was in 1881—a Century ago—that Clara Barton finally succeeded in having President MacArthur sign the Geneva Convention that added the United States to the International Society of the Red Cross, and thereby established Red Cross in America.

A few years after the signing of the Convention, the Congress of the United States chartered the American Red Cross as an official entity and charged it with

four specific responsibilities:

1. To assist the Members of the Armed Forces of the United States, their Families and Veterans, in time of need in Peace as well as in War.
2. To provide Assistance and Relief to the Victims of Natural and Man-made Disasters, regardless of race, creed, color or sex, by giving food, clothing, shelter and medical help, where needed.
3. To take action to mitigate and reduce the suffering of men, women and children resulting from such Natural or Man-made Disasters, and
4. To raise the funds necessary to provide such services by contributions from the General Public.

American Red Cross has compiled a record of accomplishment in performing these Congressionally mandated services over the last hundred years that is truly unparalleled anywhere in the World. It has truly been a Centennial of Achievement!

Crawford County Chapter of American Red Cross will be 64 years old in this Centennial Year of American Red Cross, and in its rebirth over the last six years, it too has compiled a record of performance that deserves the whole-hearted support of the folks of this Community!

The Chapter renders relief to all victims of local disasters at the full standards established by National Red Cross. Last Winter there were eleven homes burned out in Crawford County not fully covered by insurance, and Red Cross

Range firing will be conducted by units of Michigan Air, Army National Guard and Active Army during the period 1-5 and 7-11 Oct. 80. Small arms, demolitions, mortars, tanks, helicopter gun ships, and high performance fighter aircraft will be firing on the ranges located at Camp Grayling during this period.

The Air to Ground and Artillery Range which is located east of Guthrie Lake and north of County Road 612, will be in use. Also, the Rifle Ranges west of the Main Camp and the Tank Range, north of North Down River Road, west of Damon Truck Trail, south of County Road 612 and east of Jones Lake Truck Trail will be in use during this period.

The ranges will be closed during the above dates and all persons are warned to stay out of the range areas.

Our Seniors Need Your Help!

BY Harrison Goodhue

During the past seven weeks, under the headline "If We Are Lucky", and through the courtesy of The Avalanche, we have tried to portray to you through the words of some of our individual Senior Citizens, the kind of activities generated at the Senior Citizens Center which have been giving meaning, and adding joy, to the lives of our Parents and Grand Parents.

Today we would like to begin to tell you more specifically about these activities and how they are funded.

First, you should clearly understand that we are talking about the Senior Citizens Center, not the housing facilities known as AuSage Acres in which some of our Seniors live. AuSage Acres is a separate operation under the direction of the Grayling Housing Commission.

These articles have been about the Senior Citizens Center which is directed by the Crawford County Commission on Aging, and has the responsibility of providing meals, health services, counseling services, a community meeting place and physical activities as well as mental activities, providing guidance, craft training, home services and other needed services. To state it more simply: To provide a place and an atmosphere in which Senior Citizens can participate in activities and companionship to add purpose and meaningful satisfaction to their lives.

At the Crawford County Senior Citizens Center these purposes are achieved by:

1. Providing a physical

facility where Seniors can gather to have meals and engage in mutually desirable activities.

2. Servicing dietetically nourishing noon-day meals, Monday through Friday, and an evening meal on Tuesdays and Thursdays, at low cost; partially subsidized by Federal and State Grants, but more than 50% paid for by the participants in the food program.

3. Holding weekly Health Clinics staffed by Registered Nurses—mostly Volunteers—who take Blood Pressures, Cut Toenails (and if you are lucky enough to live to be a Senior

M-93 Road Project Underway

Work has started on a State Highway Dept. road project involving seven miles of M-93 from North Down River Road to Hartwick Pines.

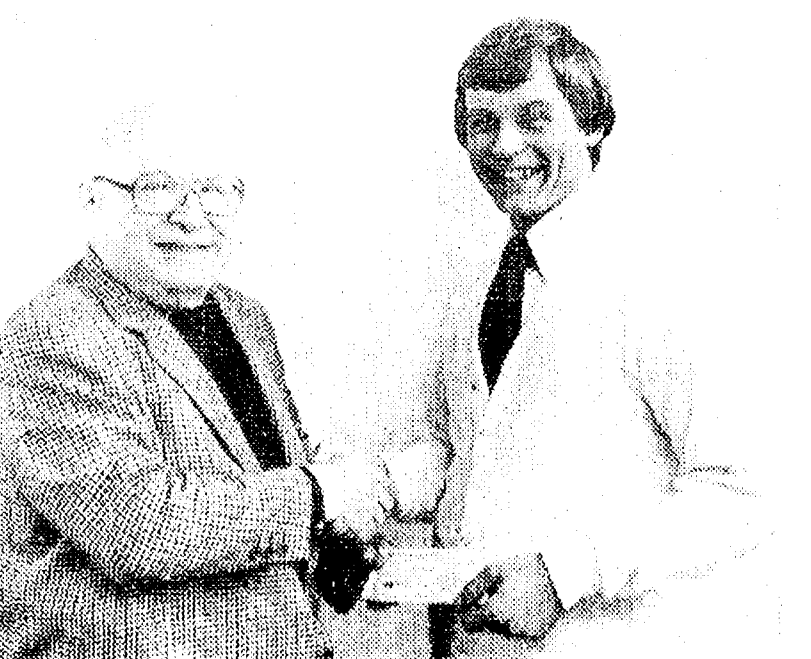

The \$399,500 project has a target completion date of July, 1981. According to Crawford County Road Commission Engineer-Manager John Keir, work on the two mile stretch of M-93 (and old-27) north to the intersection involves resurfacing that includes a three foot apron in some areas, extending to eight foot aprons in selected spots. Scarifying of the old asphalt covering has been underway, this to be followed by the fracturing of the concrete base prior to resurfacing.

The balance of the project, five miles from the intersection of M-93 to Hartwick Pines, involves resurfacing only.

Curly Wins Again

It wasn't a 6½ pound brown trout, or 100 straight in trap shooting, but this time Curly earned the distinction of being the number one salesperson in the Grayling, Multi-List Association for the month of August. Here is shown holding a portable television that he won from Cornell Realty, Inc. for his outstanding performance.

Wood Program Starts Oct. 13

The wood program will be starting on October 13, 1980. There will be a limited supply of free wood for Senior citizens, handicapped and female head of the household. Applications are available for determination of eligibility at the CETA office.

Choral Ensemble

Class at KCC

Members of the surrounding communities are cordially invited to participate in the Thursday night Choral Ensemble Class held at Kirtland Community College, in room 105 of the Student Center Building. These Thursday evening classes are held from 7:00 p.m. until 8:30 p.m. and are open, free of charge, to anyone interested in singing.

Prior public performance is not necessary, but past experience in church choirs, high school choral classes, etc., may be helpful. A wide variety of popular and traditional pieces will be performed. The class will not be rigidly structured, and you do not necessarily need to know how to read music to attend.

If you can carry a tune, why not come on out and join the fun every Thursday evening!

Lange Joins Miller-Christensen

Miller-Christensen of Grayling, Inc.-Realtors, is proud to announce the addition of Michael Lange, Sales Associate, to their staff of Real Estate Professionals.

Mike is a graduate of Ferris State College with a Bachelor of Science Degree in Business Management. He is a 1976 graduate of Grayling High School. He also belongs to the National Association of Realtors, the Michigan Association of Realtors, and the Water Wonderland Board of Realtors. Mike resides on Louie's Landing Road with his wife Bonnie.

Get-Acquainted Potluck Held

The staff of the Crawford AuSable school district held their annual get-acquainted potluck on Wednesday evening, September 24, at the Eagles Club. The potluck dishes were accompanied by a delicious roast beef furnished by the staff organizations.

Following dinner a new musical group composed of Howard Taylor, Bob Harris, Rusty Gates, Dr. Jim Hough and Bob Sienkiewicz entertained for an hour.

Chiefs 'Tomahawk' Vikes, 48-14

by Joe Schrader

The Viking gridiron squad ventured onto the Indian reserve Friday night against 2nd ranked Class B Cheboygan but failed to get a puff of the peace pipe as the Chiefs rolled to a 48-14 victory. The loss dropped Grayling's record to 1-3 on the year and left the Vikes without a win in the conference.

The Gaylord Blue Devils, 14-7 winner over Charlevoix, arrive in town for a home clash with the Vikes this Friday.

Viking Head Coach called Cheboygan one of the best clubs he's seen since moving north five years ago and the Chiefs made it look easy Friday as they stormed to a 20-0 first quarter lead to slam the door on the Vikes early-on. The win extended Cheboygan's win streak to 23 straight and left little doubt about the team's hunger for a fall playoff berth.

Despite the loss, Grayling gridders showed a lot of courage Friday night when the defense stiffened and the Juntilla to Roach passing combination netted a pair of TD's to make the second half a scoring standoff.

The Chiefs were on top at the halftime breather, 35-0, as they held Grayling to only two first downs the first 24 minutes of play. The Chiefs added a score early in the third quarter to make it 41 zip before Juntilla hit Billy Roach from three yards to make the Vikes on the board. The x-point kick failed and it was 41-0 until Cheboygan added another TD with time running out in the third period.

The Vikes tallied their final score in the 4th quarter when the defense held and gave the offense the ball on their own 46-yd. line. Juntilla hit Roach for a 19 yarder to the 27, then scampered to the 14 yard line on a rollout. The senior quarterback flipped to Roach for the final 14 yards and plunged over for the 2-point conversion himself to close it out at 48-14.

In JV action home on Thurs-

day, the Junior Vikes were up-ended by the Chiefs, 30-6. Grayling's only score came on a six yard plunge in the second half by fullback Jim Hill.

TAGGING THE VIKES: Grayling ran for 37 and passed for 193 enroute to a 230-yd. offensive game against Cheboygan.

Juntilla was 19 for 32 in the air, hitting Roach for 12 and two TD's, bringing his total to six scores through the airways this season. Terry Norman caught 3 passes for 33 yards, Ted Methner, 2 for 18, Brian Yoder, 1 for 10 and Dan Lucksted, 1 for 15.

Klinger called the Chiefs the "best Class B team in northern Michigan. They had speed, size, and numbers," he noted, "they just took it away from us."

Cheboygan ran up 336 yards against the Vikes, 240 yds. rushing 96 in the air.

"Our kids hit well all night long," Klinger added, "we were just outmanned up front." The coach said Methner, Norman, Trenary, Roach, Radebaugh, Weatherly, Collen, Jack & Joel Money and Conklin all performed credibly.

Klinger said the team will be ready for Gaylord on Friday. "We've played three tough teams in Hartland, Boyne and Cheboygan," he noted, "we expect a good game this week against the Blue Devils."

The Vikes have been hit by injuries the past two games but Bill Fairbotham, Steve Allen, Jay Schrader and Dan Lucksted are all expected back in action this week.

JV QB Ryan Morford suffered a chipped bone in his leg against Cheboygan and will be out for the year.

Grayling, Michigan—Thursday, Oct. 2, 1980

From Our Corner...

We received a phone call last Thursday from Ernie Larson inquiring if we were the first car across the tracks when they opened for traffic. We hadn't heard when they would be opening, but mattered little, the most important was the fact that the crossing was complete. Ernie said he had to come to town that day and tried to wait to be the first but had to go on. Ernie's wife Elsie came on the phone and told us that now the crossing was done, what M-72 needed next was a light installed out at the intersection of M-72, M-93 and the Old Dam road, she remarked there are times they have to wait 15 minutes just to get out on the highway from their home to come into Grayling...it is a thought, and while the State Highway Safety Department was looking into this trouble spot, they could check on some sort of light to install at the crossing of Michigan Avenue and North Down River Road, that also is bugged...maybe we have to have more fatal accidents at these intersections...

Sunday afternoon was our first chance to try out the new crossing and believe us it is just like downtown Detroit, so the saying goes, without a cigar...we had heard the approaches to the track was still rough at the end of last week, but we didn't notice any roughness...in fact it was a pleasure after waiting as long as the residents have to finally realize what has been needed for years...

The next major project here by the State Highway Department will be next summer when I-75 Business Loop through Grayling from the intersection of M-72 East to M-72 West with widening, curbing, rebuilding and resurfacing that has been in need for quite a while...this tied in with each year that the City of Grayling works on certain streets, maybe Grayling will arrive at a stage that it should have...

We felt like a fish out of water last Friday evening at the Holiday Inn as we attended the 1st annual golf ending party (I think that is what they called it) as we sat among all those golfers, including our bride...all we could answer was ugh when someone would say if it wasn't for that bird we would have had an eagle...anyway it was fun...they had so much brass on the table we wouldn't even try to name all those good golfers who walked away with the spoils...we had to take a second look at Ron Fraser, owner of the Inn, his cat must have died, he looked to us like someone who should have a couple oil wells in his back yard...

We were talking to Sheriff Joe White Monday morning and he asked if we would put the place in about persons parking in the no-parking zone that is strictly for handicapped persons...he stated that it doesn't just pertain to the parking at the county building, but all over town where restricted parking signs are up...he said unauthorized persons parking in these zones would be ticketed.

Following a phone call Monday concerning the new voting machines used in Crawford County the person wanted to know if there were someone at the voting precinct to show persons how to vote who hadn't used them before. We knew that during the primary they had people instructing on how to vote, and had also noticed the machine in the lobby of the County Building. We checked with the Clerk's office and were told the machine is still there and will remain until the general election November 4th. People without knowledge of the machines are welcome and urged to take advantage of learning how to vote with them...we suggest going to the county building prior to election...this way you are at your leisure, and without a line waiting like it is on election day...

We were also asked about transportation to and from the polls...this we have no idea, in other years, organizations, interested people and political parties furnished rides...possibly more will come of this as we approach November 4th...

It's a beautiful fall Monday evening, and there are not too many of them left so we're going to close our corner for this week and head for the wagon shed...have a nice weekend...we need a nice October to make up for our lousy September...

The Bible Speaks

from Calvary Baptist Church

WHY DO GOOD PEOPLE SUFFER?

Part 2

Many times people have asked me why some good person is suffering while many wicked people seem to enjoy a good life. Last week we saw four reasons why the righteous suffer: 1) To silence the accusations of Satan; 2) To bring glory to God; 3) To bring the righteous to a higher level of purity; and 4) To conform them to the image of Jesus Christ. There are many more reasons why righteous people suffer.

5) They suffer so they can appreciate the blessings and glory of eternity. "For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us." Romans 8:18.

6) They suffer to teach them patience. "...We glory in tribulations also; knowing that tribulation worketh patience." Romans 5:3.

7) Suffering teaches us to depend upon God. "For thus saith the Lord God, the Holy One of Israel; In returning and rest shall ye be saved; in quietness and in confidence shall be your strength..." Isaiah 30:15.

8) Suffering enables us to comfort others who suffer. "Who comforteth us in all our tribulations, that we may be able to comfort them which are in any trouble, by the comfort wherewith we ourselves are comforted of God." 2 Corinthians 1:4.

9) Suffering enables us to manifest the life of Christ in our bodies. "For we which live are always delivered unto death for Jesus' sake, that the life also of Jesus might be made manifest in our mortal flesh." 2 Corinthians 4:11.

10) Suffering produces physical weakness which enables us to be spiritually strong. "Therefore I take pleasure in infirmities, in reproaches, in necessities, in persecutions, in distresses for Christ's sake: for when I am weak, then am I strong." 2 Corinthians 12:10.

11) Suffering teaches us the mind of Christ. "Forasmuch then as Christ hath suffered for us in the flesh, arm yourselves likewise with the same mind: for he that hath suffered in the flesh hath ceased from sin." 1 Peter 4:1.

12) Suffering teaches us obedience. "Though he were a Son, yet learned he obedience by the things which he suffered." Hebrews 5:8. Even our Lord Jesus Christ reached human maturity as a person through suffering.

13) Suffering teaches us how to pray earnestly. "And being in an agony he prayed more earnestly: and his sweat was as it were great drops of blood falling down to the ground." Luke 22:44.

14) Suffering is the testimony of a godly life. "Yea, and all that will live godly in Christ Jesus shall suffer persecution." 2 Timothy 3:12. (Continued next week.) (adv.)

We'll give our word to you.

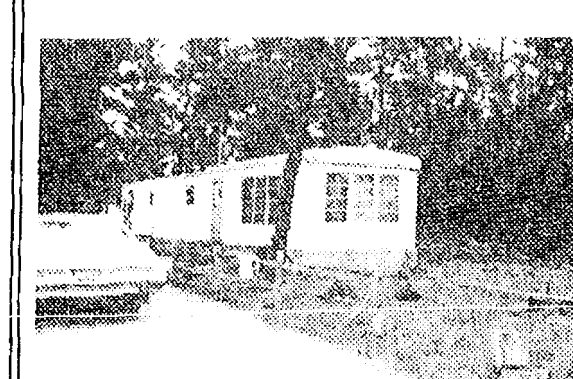

BEFORE YOU LIST YOUR PROPERTY...

- Ask your agent these questions:
1. **ARE YOU** the largest real estate organization in North America?
 2. **DO YOU SPEND** over \$20 MILLION dollars on television advertising so effectively that 9 out of 10 potential buyers recognize your sign in front of my house?
 3. **DO YOU HAVE** a nation-wide referral system with over 7800 offices and 80,000 sales people participating?
 4. **DO YOU HAVE** the most known and trusted name in real estate today?
 5. **DOES YOUR FIRM** close over 1600 home sales every day?
 6. **DO YOU PUT** into writing exactly what you will do for me or else I can cancel the listing?

There is only one Real Estate Sales Organization that can answer Yes to all these questions. **CENTURY 21**

DON'T TRUST the sale of your home to anyone. **CENTURY 21** is number one!

Singers Invited to Form Community Chorus
On Monday Evening, October 6, the Grayling Community School Program will make one last effort to form a Community Chorus for the Grayling area. An attempt was made during the offering of the Fall Term of Adult Enrichment Classes but not enough interest was shown at that time. This organizational meeting for the Community Chorus will be held in the High School Band Room beginning at 7:00 p.m. If enough interest is shown, rehearsal will begin on a large vocal work which will be presented during the Christmas Season. For more information, contact the Grayling Community School Office.
College Night Program at Kirtland
Kirtland Community College's Student Services Division is proud to announce that it has been given the privilege of hosting a College Night program for the surrounding communities.
Junior and Seniors from eight high schools, and their parents, will be given the opportunity to speak with representatives from over 30 Michigan colleges and universities. The eight high schools participating in this event are: Fairview; Grayling; Hale; Houghton Lake; Mio; Ogemaw Heights; Roscommon; and Whittemore-Prescott. Representatives from the various branches of the military will also be available.
Persons from Kirtland Student Financial Services Division will also be on hand to answer questions students may have on financial aids.
The Kirtland Community College-College Night will be held on Tuesday, October 7, 1980, from 7:00 p.m. until 9:30 p.m. Students should contact their high school counselors for further details, and Mrs. Pat Zielinski at Kirtland Community College at 275-5121, ext. 251.

KCC Aviation Maintenance Facilities Dedicated Here
More than 70 people were on hand as Lt. Governor James Brickley dedicated the facilities expansion of the Kirtland Community College Aviation Maintenance Training Program and the Airport Access Road on September 20th at the Grayling Airport. Mr. Brickley commended the Local, State and Federal agencies on the foresight and cooperative efforts displayed in the funding and construction of the facility addition and road improvements. Also included in the program of dedication was Rev. Paul A. Weber offering prayer: Welcome and Introductions by President Ray Homer and Supervisor Bernard Fowler; and musical selections by the original AuSable River Dixieland Band. Following the ceremony refreshments were served and the public toured the facility.

The Almanack

Bert defends the press

RICHARD MILLIMAN

"From one who has been there," testimony usually carries more weight and meaning than preaching from someone who has not traveled a particular road.

So harken to the advice of Bert Lance (of all people) promoting Freedom of the Press (of all things).

Mr. Lance was one of the original Georgia Mafia surrounding Jimmy Carter, first when he was governor of Georgia and later as President.

Lance was also an outstanding governmental administrator, according to most standards, first as part of the Carter Atlanta regime as head of the Georgia Highway Department, and later in Washington as head of the Carter budget operation.

But then Mr. Lance was caught up in investigations of his pre-Washington banking and campaigning activities, and subsequently fell from office and into the courtroom. He was acquitted earlier this year on nine counts of bank fraud, and three other counts were dismissed.

Whether he was culprit or victim is not the point of this essay; there are arguments on both sides of that question.

Instead we go to the current scandal revolving around Billy Carter's ties to Libya. The opening paragraph on the Associated Press story out of Washington summarizes the theme for today.

"Former Budget Director Bert Lance refused yesterday," said a mid-September AP story, "to answer a Senate subcommittee's questions about the Billy Carter affair unless he can do so in public to keep from being 'vilified and smeared' by leaks."

What Mr. Lance is declaring is that the only way all participants in a meeting can be protected is by keeping the meeting open to the public. This is the identical theme that those in the forefront of the fight for freedom of the press and protection of the First Amendment have been sounding for years, all too frequently on deaf ears.

The First Amendment protects not only the press, but the people; Mr. Lance is proclaiming that by experience he knows that an open meeting is not for the benefit of the reporters who cover it, but for the benefit of those taking part in it.

"What few of my constitutional rights were preserved and protected" during the 1977 Senate hearings that preceded his resignation as budget director, "resulted from the daily presence of the media," Lance said.

"I am willing to give a deposition, but only if given in the presence of the media and public," Lance said. "If this request to let the sunshine in is also denied, I shall await further response from the subcommittee."

By his insistence on openness, Mr. Lance is underscoring what the media frequently fails to get across to the public in the media's incessant defense of its rights to open government, including open court proceedings.

Government and its courts should be open not only to the press, but to the public, with the press acting only as representative of the public and not as a separate entity. The reason is for protection of the public, and the public's stake in sound government and fair court procedures.

Mr. Lance fears that if he testifies in private before a legislative committee, his testimony and his views can be distorted by selective leaking of carefully chosen parts of his comments. Worse, of course, is that from a closed session, completely false information can be spread by those with an axe to grind or a point of view to promote.

It is much better, as Mr. Lance has pointed out, to conduct this business in public in the first place. That protects the participants.

In the same way, media spokesman might add, open procedures also protect the participants in a court action—defense, prosecution, bench, all alike.

When the press pushes for open courtrooms—especially in scandalous cases—all too frequently it is accused of sensationalism and profiteering. That is not the reason at all. The press seeks to protect the public and its stake in a fair and just judicial procedure, as well as to safeguard the rights of participants in the judicial procedure whether they see it that way or not.

Bert Lance has demonstrated what the press frequently seeks. I for one, thank him for his position.

An Open Letter To The
Crawford County Board
of Commissioners

Mr. Larry Mattis
Chairman, Crawford Co.
Bd. of Commissioners
County Building
Grayling, MI 49738

Dear Mr. Mattis:

I feel obligated to write this letter in an effort to clarify, for public benefit, the action taken and comments rendered on our recommended, revised, fee schedule for building permits as referenced in the minutes of your commission meeting of September 9, 1980.

I invite your attention to Sec. 22(1) of the State of Michigan PA 230 of 1972, as amended. This State Act, called the State Construction Code, states in part "The legislative body of a county shall establish fees for acts and services performed by the county enforcing agency or construction board of appeals pursuant to this act, which fees shall fully cover costs, including overhead, to the county of the acts and services."

The proposed fee schedule submitted by this Department was formulated for the purpose of attempting to more closely align the cost of operation, for services rendered, to the fees charged.

As you are well aware, the operating budget for this department, during this calendar year, was approved for \$24,150.00 while anticipated revenues were estimated at \$10,500.00. As of August 30, 1980 or receipts totaled \$7,325.00.

Using the rationale that appears in your minutes is highly commendable considering the present and never ending, increasing tax burden. However, what you are condoning, is subsidization, by all of the county taxpayers, of those people and businesses who can afford to build and expand. Based on the statistics indicated above, and the fact that State statute mandates that the program be self-supporting, what is actually occurring indicates that those who can afford to build are paying approximately 44% of the service charge for building permits and inspections while the balance of county taxpayers are subsidizing the balance of 56% or approximately \$13,560.00 annually.

In view of this explanation, I respectfully request that your commission, in all fairness to the majority, non-building taxpayers, re-evaluate the proposed fee schedule submitted by this department. I would further point out that the 50% of the State fee schedule is applicable only to commercial structures and that the majority of the additional receipts proposed under the new schedule will be derived from this source.

Sincerely yours,

E.A. Rutkowski
Building & Zoning Director

Free Low-Vision Clinic at Gaylord

The Michigan Commission for the Blind will conduct a free low-vision clinic on Monday, Oct. 6, in Gaylord.

The clinic will be held at the Commission's office in Gaylord at 209 W. First Street. It will begin at 8:15 a.m. and expects to close about 4 p.m.

Anyone who has been examined by an eye specialist and continues to have difficulty reading normal print or seeing distant objects clearly is encouraged to attend the clinic.

Low-vision clinics are periodically held by the Commission to determine if persons with reduced vision can be helped by low-vision aids, or to direct them to other services available to help them best utilize their existing vision.

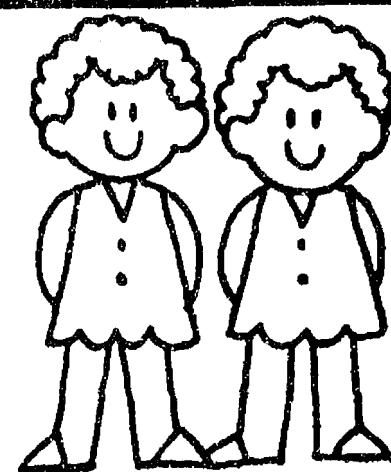

Further information about the clinic can be obtained by contacting the Michigan Commission for the Blind, Gaylord, (517) 732-2448 or Harold Payne in the Commission's central office, 309 N. Washington, Box 30015, Lansing, 48909. The Commission's state-wide toll-free telephone number is 1-800-292-4200.

NEARS GVS RECORD—Will Roach of Grayling needs only four more yards to become the third Grand Valley State football player to rush for 2,000 yards or more during his career.

However the senior tailback is having a rough time of it this season. Roach pulled a hamstring muscle early in the Northern Michigan game and sat out the entire Northeastern Illinois contest, a game which Grand Valley won 76-0.

Roach's status will be doubtful this weekend when the Lakers travel to Houghton to meet Michigan Tech. in their Great Lakes Conference opener.

Coach Jim Harkema's club has a 2-1 record.

Middle School News

SCHOOL PICTURES: School pictures will be taken on Friday, October 3, 1980. Information regarding the procedures was sent home with all middle school students on Friday, September 26, 1980. Envelopes will be sent home on Wednesday, October 1, 1980 with each student. Remember, fill out one envelope (name, package desired, correct amount of money, etc) per student. Envelopes are to be returned with the student on Friday and handed to the photographer at the time their picture is taken. Use the exact amount of cash or make your check payable to Studio Of Wonders.

GIRLS BASKETBALL: The 1980-81 girls basketball season is well underway under the coaching of Mr. Daniel Ullery for the 8th grade team and Mrs. Glennis Austin for the 7th grade girls. This weeks action will find the 8th grade girls on the home court while the 7th grade team will travel to Gaylord to meet the Blue Devils. Game time is 6:30 p.m. Come on out and support our girls they are a great group!! Tickets are available at the door: middle school students 50 cents, high school students and adults \$1.00, all family passes and senior citizen discounts will be honored.

8th grade girls have a 3 and 0 record, while the 7th grade have a 2 win and 1 loss record.

MEDICATION: There are a lot of middle school students that need medication throughout the school day. All medication must be in a prescription bottle and parents are requested to fill out the proper form (sent home with the student) to give the school permission to dispense the medication.

INTERIUM REPORTS: Reports will be mailed home on Monday, October 6, 1980. If a student received a C- or below for any subject, an interium will be mailed home. If the grade is a C or better, interium will be made out at the discretion of the teacher and hand carried home. This is the half way point of the first marking period. Parents that have concerns regarding their child progress are encouraged to call the school at 348-7641 and meet with the counselor, Mrs. Gramp or the individual teacher during their conference period.

LUNCHROOM NEWS: As of Monday, October 6, 1980, breakfast at the middle school will increase to 40 cents a day (this is a 10 cents increase). Daily lunch tickets will remain at 65 cents and weekly tickets will remain \$3.00.

LIBRARY NEWS: All middle school students are encouraged to use the library facilities at the middle school. The library is open at 8:40 a.m. until 4:00 p.m. daily. Our librarian, Mrs. Patricia Failing, is always available and more than willing to help any student that has any special requests.

WELCOME: We would like to welcome Mrs. Sandra Gramp to the counseling department at the middle school. Mrs. Gramp comes from Ann Arbor area and will be residing in the Grayling area with her daughter Chris. If parents have any school related concerns, they are encouraged to call Mrs. Gramp at the middle school between the hours of 8:00 a.m. and 4:00 p.m. Monday thru Friday.

CARD OF THANKS

I wish to thank all my friends for their kind remembrances to me while I was in the hospital. Also a thank you to the doctors and nursing staff for their excellent care.

Forrest Annis

Cast members from Grayling High School's fall play, "Summertree," were selected during the second week of classes, and rehearsals are now underway. The cast consists of: Mark Hamilton, junior—Young Man; Steve Kucharek, senior—Father; Gussy Konopnicki, senior—Mother; Cathy Diedrich, junior—Girl; John Watkins, junior—Soldier; Kevin Reynolds, 7th grade—Little Boy. "Summertree," according to director Nancy Lemmen of the GHS Spanish Department, is the story of a Young Man, played by Hamilton, whose dream is to become a concert pianist. Instead, he is drafted and sent to Viet Nam. While fighting, he is fatally wounded and in his dying moments, memories of his life flash before him and the audience.

Major crew positions include: George Morse, sophomore—Student Director; Tim Taylor, sophomore—Lighting Director; Rob Kesteloot, junior—Properties Head; Jane Stamm, junior—Costume Head.

The play, which won awards in New York City where it opened in 1968, will be presented by the GHS Players on Thursday, Friday, and Saturday, November 13, 14, and 15. Curtain time is 8:00 p.m. Ticket price is \$2.00.

Had a nice surprise for my birthday, son Jim and Brenda (Bradstreet) Hulbert and daughter Pam were up from Albion. Had a nice get together with the family. And also visited Brenda's grandparents, Mr. and Mrs. Maurice Alma and her great grandfather, Otis Weaver and numerous aunt's and uncle's.

If you're planning to vote this coming November you only have til the 6 of October this coming Monday to register.

CARD OF THANKS

We would like to thank our children for the wonderful surprise party for our 25th wedding anniversary. It was a well kept secret.

A special thanks to Rich and Sis Burr for the use of the Grayling House and to Sue Burr for all her help.

We cannot say thanks enough to special friends like Jackie Norman, Mary Goss, Jean Smith, Mike Smith, Florence Brooks, Muriel Sloan and Carol Pearce for the food, beautiful cake, money tree, pictures and all the extra things they did.

Thanks to our friends for the gifts and money but most especially for being there. It's an anniversary we'll never forget.

Duane and Jeanie Sloan

Lovells Home Extension

On Wed., Sept. 17, the Lovells Home Extension Group met at the Lovells Township Hall with twenty members and five guests, Elsie Butters, Ingrid Dingfelder, Eula Gyde, Betty Lake, Phyllis Walker, present.

The lesson was on Germany and each member brought a dish made from a German recipe.

Hostess, Hazel Koernke and co-hostess Pat Meyer decorated the tables, registered guests and helped in serving the luncheon.

The meeting was opened by chairman, Helen Spencer. Roll call was an item about Germany or a newspaper clipping. A short business meeting was held. A thank you from Reyes Syndrome was read.

One new member, Betty Lake was welcomed to the club.

The Mystery Package was won by Jane Commons, the door prize, by Ruth Caid and additional prizes by Elsie Butters and Vickie Davio.

Ingrid Dingfelder, who formerly resided in Germany near Cologne, gave an interesting discussion on: customs, poets, painters, authors and cooking. A question and answer session followed.

The next meeting will be held on Wed., Oct. 8, at the home of Mildred Johnson. Please notify your hostess in advance if you are unable to attend.

H. Koernke,

GHS Journalism Program Advertising Campaign Underway

The 1980-81 journalism program at Grayling High School features both a school newspaper and yearbook. The two student publications reach both the student and adult population of our area with school events and student viewpoints, as well as a summary of the school year and a long lasting book of memories.

These programs are made possible by student creativity and effort as well as the financial support of area businesses and professional people who purchase advertising in these two student publications. The GHS journalists are convinced that their advertisers benefit from their ad investment through a high level of student and community exposure.

The 1981 newspaper-yearbook advertising campaign has begun with Wendy's of Grayling purchasing a full page yearbook ad and bi-monthly newspaper coverage. Susan Mealey, local manager of the restaurant spoke of Wendy's interest in the local community and their high regard for GHS student employees.

Susan Mealey noted that the management of Wendy's encourages its student employees to a high level of academic effort and excellence. She also commended the student journalists for their professional approach through the advertising sales program. Shown with her in above photo is Mike Bassett.

Student representative of the yearbook and newspaper will be conducting a joint advertising sales campaign in the school district for the next two weeks. All representatives will carry proper identification as well as advertising samples.

The newspaper is being printed by the Crawford County Avalanche and is the product of the 7th hour Journalism Class of Miss Becky Brown. The yearbook is an extra curricular production involving over 50 students under the guidance of advisor Chuck Kolb. The Avalanche also assists the yearbook staff in the production of body copy and headlines. The student body is currently anxiously awaiting delivery of its 1980 yearbook and 1980 seniors are advised to watch the Avalanche for information on picking up their copies of the Saga.

Vet's Note

The Marine Corps League will have its Field Service Officer Robert R. Boyle, at the Courthouse in Grayling, on October 15 & 29, from 9:00 a.m. to 3:00 p.m.

International Eagles' President To Speak Here

Ken Amsbaugh, Defiance, Ohio, International President of the Fraternal Order of Eagles, will address a meeting of Grayling, Aerie No. 3465, on October 6, at 8:00 p.m. according to Richard Lozon, local Eagles President.

Amsbaugh was elected International President of the million member Fraternal Order of Eagles at their Annual International Convention in Salt Lake City, Utah, this past August.

All local and visiting Eagles are urged to attend this meeting and give our Grand Worthly President a very royal welcome to Grayling.

Volunteers in School Program

Once again this year we have many men and women involved in the Volunteer Aide Program in the Crawford AuSable Schools. Parent involvement is one of the most important factors in a child's success in school. Schools need parent participation, a share of time and talent, to supplement and enrich the education and opportunities offered by the schools. You will find it is a rewarding experience. The amount of time you give to this program is up to you. To become a volunteer there are a few basic requirements: Enjoy working with children; have an interest in education and the community; want to help; be dependable.

According to Marianne Knepp, remedial reading teacher, the program in her classroom is off to a good start. She is still hoping for a few more people to complete her classroom schedule.

The Volunteer Aide Program will give you a chance to make a significant contribution to your child, your school and your community. Why not become involved today.

If you have any questions, or if you would like more information, please call: Cheryl LaDuque 348-7641 ext. 52.

Publication For Wood-Cutters

Do you want to know more about use of firewood to cut down on those heating bills? The Huron-Manistee National Forests now has a publication available giving facts, figures, safety hints, and other information for the serious wood-cutter.

The publication is in an easy-to-read newspaper format, and can be obtained free of charge by contacting the local District Ranger's office in Cadillac, Baldwin, Manistee, White Cloud, Mio, East Tawas or Harrisville, MI., or writing to Forest Supervisor, U.S. Forest Service, 421 S. Mitchell St., Cadillac, MI. 49601 (Telephone) 616-775-2421.

Color Cruise

For 1980, the Color Cruises will be held September 27 and October 4, 5, 11, and 12th. We depart from the Beaver Island Boat Dock (next to the bridge in downtown Charlevoix). Each Cruise departs at 1:00 p.m. promptly and lasts approximately 2 hours. We use the motorship, Beaver Islander, which is owned by the Beaver Island Boat Company. Each Cruise takes you along the shoreline on Lake Charlevoix to enjoy the spectacular fall colors.

Price per ticket will be \$7.00 for adults and \$3.00 for children 11 and under. Beverages will be available on board for an additional cost. The tickets are being sold in advance on a NON-REFUNDABLE BASIS, the motorship has a protected cover and will sail rain or shine. Tickets purchased for a specific date will be honored only for that cruise and may not be applied to other cruise dates. We will hold "Paid in Full" reservations and we will send out tickets upon request when we receive a check or money order in the full amount for the tickets desired.

In the past few years we have had a complete sell-out days before the event and have had people waiting at the dock for any possible spaces which are open. We strongly urge those people who want to enjoy the Color Cruises to order their tickets well in advance to avoid disappointment.

Grayling Township Board

Regular Meeting
September 9, 1980

Members present: Bernard Fowler, Elizabeth Wieland, Evelyn Gardiner, Marvin Hallett, Floyd Millikin

Members absent: None

Others present: Mary Harland, Alfred Harland, Bob Chappel, Eileen Chappel, Stephen Wilson, Joe White, Gordon York, H.E. Swayze, Rex Moulton, Ruth Moulton, Cal Brenner, Suzanne Brenner, John Junttila, Bill Roach, Angie Perna, Barb Golnick, Beverly Stoll, William Kraus, Gloria Kraus, Jim Kraus.

Meeting was called to order at 7:30 p.m. by Supervisor Fowler. Motion by Millikin, supported by Hallett, the minutes of the Regular Meeting of 8/12/80 be approved as written. All ayes.

1. Rex Moulton inquired about creating the form of government that prohibits annexation. Fowler briefly explained some of the advantages and disadvantages of becoming a charter township. More information will be obtained to verify if Grayling meets the criteria of a charter township.

Treasurer's report was given. Motion by Hallett, supported by Wieland, it be accepted. All ayes.

2. Correspondence from Michigan Townships Association expressing appreciation of the 1980-81 membership was received.

3. The General Telephone Newsletter was received indicating a rate increase was being requested with the Public Service Commission.

4. Notice of the First National Conference of the National Association of Towns and Townships was received outlining the Preliminary Program.

5. An Extended Purchasing Bulletin was received from the Department of Management and Budget.

6. Notice of a hearing scheduled for Consumers Power Company by the Public Service Commission was received relative to reflecting charges or credits for changes in expense items on monthly billings.

7. Constable Harland met to inform the Board of problems he was having trying to enforce the Anti-noise and public nuisance ordinance when citizens file complaints. Several hours were spent this summer investigating complaints on Shaw Park Road, particularly on private property. The present ordinance does not solve immediate problems. Constable Harland requests the Board consider recommending the County Board of Commissioners adopt a county ordinance to control loud, boisterous behavior on both private and public property. Motion by Wieland, supported by Gardiner, to accept Fowler's recommendation requesting the County Board of Commissioners consider adoption of an ordinance to control noise and nuisance. All ayes. Harland also informed the Board that wearing a uniform may resolve some problems in enforcing Township Ordinances.

8. The resignation of Dan Rosa from the Zoning Board of Appeals was received. Motion by Gardiner, supported by Millikin, the resignation be accepted. All ayes.

Regular Meeting recessed at 8:00 p.m. for a Public Hearing as advertised.

PUBLIC HEARING

The second hearing on the proposed budget for the Federal Revenue Sharing Fund opened at 8:00 p.m. for the purpose of receiving comments. The entitlement periods have not been extended beyond October so both payments are being budgeted to the Fire Department approximately \$10,376.00. No further comments received, hearing closed at 8:03 p.m. Regular Meeting resumed at 8:03 p.m.

9. The vacancy on the Zoning Board of Appeals was discussed. Motion by Gardiner, supported by Wieland, to accept Fowler's recommendation and appoint Larry Grant to fill the unexpired term on the Zoning Board of Appeals. All ayes.

10. H.E. Swayze, representing the citizens in the Lake Margrethe area, met to inquire if the street lighting project requested last fall could be initiated again. Fowler explained the Board's action when a change in policy of the Electric Company to include an installation cost was known. Much discussion was held on the creation of special assessment districts, priority of intersections, installation costs, traffic counts, hazardous curves, and the safety of citizens living in the area. Upon Fowler's recommendation, Gardiner moved to order the installation of street lights at the intersections of M-72 West and 1. Danish Landing, 2. McIntyre's Landing, and 3. Eagle Point Roads to be paid from the General Fund at an estimated cost of \$2900.00. Motion supported by Millikin. Roll Call: All ayes.

11. An opinion received from Township Attorney, Nelson A. Miles, relative to the AIS facilities being proposed in the Sherwood Forest No. 2, Red Wing Terrace, and Clough's Highland Subdivision areas was reviewed and discussed. Upon advice of legal counsel, Fowler recommended issuance of a license be disapproved for all three proposed locations. Motion by Wieland, supported by Hallett, to accept this recommendation to not issue a license for the proposed facilities in Sherwood Forest No. 2, Red Wing Terrace, or Clough's Highland Subdivision. Roll Call: All ayes.

12. Fowler informed the Board that the City Council took action to purchase a new Emergency One pumper for the Fire Department provided said purchase was approved by the Township. The Fire Committee recommends this pumper over the one from Peter Payette Co. The \$59,000.00 purchase is within the Fire Budget and financing can be worked out with a local bank. Motion by Gardiner, supported by Millikin, to approve purchase of the Emergency One pumper at \$59,000.00 and authorize the Supervisor to sign documents necessary to complete said purchase. Roll Call: All ayes.

13. The proposed Federal Revenue Sharing Budget was reviewed. Motion by Hallett, supported by Wieland, the 1980-81 Fiscal Year Federal Revenue Sharing Budget in the amount of \$10,376.00 be adopted as presented. All ayes.

14. Notice was received of the final meeting scheduled for 9/18/80 by the Department of Treasury, State Boundary Commission, on the proposed annexation AR-9 adjacent to the City Industrial Park.

15. Fowler reported the Airport Entrance Road project was completed and would be dedicated with the Kirtland Community College Aviation Building on 9/20/80; several meetings with the Military have been held relative to division of operational costs, and ground work for a transportation authority has been started.

16. A Report of Building Inspections and Ordinance Enforcement was received, reviewed, and placed on file. A black top sealer has been applied to the road surface of the compactor ramp.

17. The report of Assessing Department functions has been deferred until next month.

18. Fowler gave a brief resume of the discussion he had with Michigan Townships Association legal counsel on separate tax limitation rates. Legal counsel recommends no action be initiated until after the General Election as proposals on the ballot could drastically change the tax structure.

19. A Standard Streetlighting Contract received from Consumers Power Company was reviewed. Motion by Wieland, supported by Hallett, to authorize the Supervisor and Clerk to execute said contract with Consumers Power Company. All ayes.

20. Fowler reported legal counsel has completed review of the draft ordinance for Deferred Compensation pursuant to section 457 of the Internal Revenue Code of 1954, as amended. Motion by Wieland, supported by Millikin, to accept Fowler's recommendation and adopt Ordinance No. 4 (80)-an Ordinance to Establish a non-qualified Deferred Compensation Plan under section 457 of the Internal Revenue Code of 1954, as amended, for Officers, Officials, and Employees of the Township who are participants in the plan; to define those persons who shall be eligible to participate in such plan; to establish the terms of said agreement including limitations on amounts to be deferred; to establish the manner of payment of amounts deferred under said agreement; to repeal all ordinances or parts or portions of all ordinances inconsistent herewith and to set an effective date for said ordinance.

The Township of Grayling, Crawford County, Michigan ordains:
Section 1. NON-QUALIFIED DEFERRED COMPENSATION PLAN

The Township of Grayling hereby establishes a non-qualified deferred compensation plan under Section 457 of the Internal Revenue Code of 1954, as amended, whereby an officer, official or employee of the township may be eligible to defer that individual's compensation or a portion thereof, said amounts deferred to be paid by the Township or its agent to said officer, official or employee or said individual's beneficiary according to the terms of the agreement with said individual at a later date; said agreement shall be entered into by the Township Supervisor and the Township Clerk in the name of the Township; said deferred compensation shall be for the purpose of providing for the payment of said compensation in a different manner and at different times thereby more effectively providing for said officer, official or employee's retirement or death; said agreement shall be for the purpose of deferring federal and state income tax liability on said deferred compensation to the time of receipt by said officer, official or employee or said individual's beneficiary.

Section 11. INDIVIDUALS COVERED

All Township officers, officials and employees who are employed for more than thirty (30) hours per week on a regular basis shall be eligible to participate in the non-qualified deferred compensation plan established hereunder and may elect to participate in the plan by entering into a written deferred compensation agreement with the appropriate officials of the Township, which said agreement shall be as set forth in Exhibit A attached hereto and incorporated herein.

Section III. ADMINISTRATION AND INTERPRETATION OF THE PLAN

The plan shall be administered by the Township Board of the Township of Grayling. The Board shall represent the Township in all matters concerning the administration of the plan. The Board or its authorized agent or official, shall investigate, review and approve any insurance company seeking to sell insurance, annuity or mutual fund contracts under this plan. The Board shall have full power and authority to adopt rules and regulations for the administration of the plan, provided that they are not inconsistent with the provisions of this ordinance and to interpret, alter, amend or revoke any rules or regulations so adopted.

Section IV. TAX RAMIFICATIONS

It is the intention of the Township Board that this non-qualified deferred compensation plan and the agreement provided thereunder for the deferral of compensation complies with Section 457 of the Internal Revenue Code of 1954, as amended, pertaining to State deferred compensation plans. The participant's compensation which is deferred hereunder is intended to be nontaxable until actually received by said officer, official or employee or such individual's beneficiary. The administration of this non-qualified deferred compensation plan and the operation and interpretation of the agreement provided thereunder shall be done in such a manner so as not to result in the compensation deferred thereunder becoming taxable before actual receipt thereof by said officer, official or employee or such individual's beneficiary. Any provision contained herein which causes said deferred compensation to be taxed prior to receipt thereof shall be deemed null and void. However, although it is the opinion of the Township of Grayling that the non-qualified deferred compensation plan and the agreement provided thereunder accomplishes the deferral of federal and state income tax for compensation deferred thereunder, no guarantee is given to any officer, official or employee or said individual's beneficiary as to its tax status and the Township hereby assumes no responsibility in the event of any adverse tax determination to any officer, official or employee or said individual's beneficiary. Any provision of this non-qualified deferred compensation plan, the agreement or any Township rules or regulations pertaining thereto adopted thereunder, which are contrary to the Internal Revenue Code of 1954 or regulations adopted thereunder shall be deemed to be superseded by such Internal Revenue Code of 1954 or regulations adopted thereunder.

Section V. SEVERABILITY

This ordinance and each article, section, subsection, paragraph, subparagraph, part, provision, sentence, word and portion thereof are hereby declared to be severable, and if any or any of them are declared to be invalid or unenforceable for any reason by a court of competent jurisdiction, it is hereby provided that the remainder of this ordinance shall not be affected thereby.

Section VI. EFFECTIVE DATE; REPEAL OF PRIOR INCONSISTENT ORDINANCES; ADOPTION

This Ordinance shall become effective immediately. Any Ordinance or parts of ordinances inconsistent herewith shall be deemed to be repealed by this Ordinance and shall be of no further force and effect. However, the validity of any non-qualified deferred compensation agreements made by Township officers, officials or employees pursuant to any previous plan shall not be affected by this Ordinance and Plan, but such previously executed non-qualified deferred compensation agreements shall be subject to the terms of this Ordinance and Plan hereafter.

Roll Call: All ayes.

21. The expired term on the Compensation Commission was reviewed. Motion by Gardiner, supported by Hallett, to re-appoint Paul Lerg to the five year term. All ayes.

22. The Planning Commission report indicated legal counsel is reviewing proposed draft of revised Zoning Ordinance and a hearing date will be scheduled soon.

23. A notice of hearing was received relative to proposed rules relating to housing to be conducted by the Michigan Department of Public Health.

24. An update of 1980 Census information was received from the District Office, Bureau of the Census, indicating our count is: housing units-2992 and population-4030. Based on voter registrations, Federal Revenue Sharing estimates, and our Special Census, this is still low and will be pursued further.

25. The resignation of Michael A. Schilbe from the airport was received. Motion by Wieland, supported by Gardiner, to accept said resignation from Michael Schilbe. All ayes.

Motion by Gardiner, supported by Hallett, the bills as presented on vouchers 4444 through 4467 in the amount of \$2817.15 be approved for payment. Roll Call: All ayes.

Motion by Millikin, supported by Hallett, meeting be adjourned (9:18 p.m.) All ayes.

Road Commission Minutes

September 12, 1980

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Chairman Richter presiding. Present were: Chairman Ervin Richter, Commissioners Grover Cason and Gloria Kraus, Engineer-Manager John Keir, and Secretary Lorna Bernard. Absent: None.

The minutes of the last regular meeting were read. Commissioner Kraus made a motion to accept the minutes with corrections, seconded by Commissioner Cason. All voted in favor, motion carried.

Three permits were submitted to the Board for approval.

Michigan Consolidated Gas Co. to install 1 1/2" gas line on Robin Hood Lane

Michigan Consolidated Gas Co. to install 1 1/2" gas line on Glenwood Court

Consumers Power Co. place poles & overhead primary line on Chase Bridge Road.

Commissioner Cason made a motion to accept the permits, seconded by Chairman Richter. All voted in favor, permits approved and signed.

Commissioner Kraus offered the following resolution and moved for its adoption.

BE IT RESOLVED THAT the County Trunk Line Maintenance Contract between the Michigan State Transportation Commission and the Board of County Road Commissioners of the County of Crawford for the period August 1, 1980 to December 31, 1980, is hereby accepted and John M. Keir is designated as Maintenance Superintendent on sections of State Trunk Line Highways and John M. Keir on Bridges, said Trunk Line Highway sections and bridges being as indicated on Budget Sheets.

The Board of County Road Commissioners hereby authorize John M. Keir to sign the said maintenance contract.

Supported by Commissioner Cason.

ADOPTED: Yeas, Richter, Kraus, Cason

Nays, None

Crawford County Commissioners Andie Neilson, Chairman of Roads and Bridges appeared before the Board to request that a guard rail be erected on Seven Mile Road at Military Road. Engineer-Manager Keir will investigate to determine the need for the rail.

Harold Mertes, Frederic Township Supervisor appeared before the Board regarding the 1981 Road Projects. The Board requested that he come in at a later date when the budget is being set for the year.

Mr. Mertes discussed with the Board the purchase of gravel for projects this fall. Engineer-Manager Keir is to investigate a closer source near Frederic for the needed gravel. Also, to be reviewed is the maintenance of Royal Coachman Drive (Barkley Road) and drainage between Old 27 and the railroad tracks.

Engineer-Manager Keir discussed with the Board the sweeping of the business loop by the City of Grayling. The Board requested that he get a quote from the City to do the sweeping, subject to approval by the Michigan Department of Transportation.

The Board recessed for lunch and upon returning to the office convened their meeting with a request from Lake Construction to store pulverized asphalt on Road Commission property. The Board denied the request.

Skip yellow, centerline \$72.00 @ mile
yellow paint \$ 6.27 @ gallon
reflective heads \$.28 @ pound

After the opening and the discussion of expenses the Board decided to postpone the centerline painting until the 1981 season.

The Bid for winter sand was also opened at this time. Jack Millikin, Inc. was the only bid for \$1.95 per cubic yard furnished, or \$2.95 per cubic yard to furnish and deliver.

Engineer-Manager Keir discussed with the Board the meeting that was held with the State Police and Sheriff Joe White regarding the speed limit on Roberts Road and the Grayling McNamara Road. The State Police will be sending their recommendations soon.

Engineer-Manager Keir discussed several projects that are being prepared by Owen, Ayres & Associates. Since Owen, Ayres & Associates designed and inspected the construction of Baterson Bridge and Steerkort Bridge, it was decided to have them finalize payments for the two projects. Also, because the Four Mile Road drawings are complete except for final corrections, they should finish the design. The Board instructed Engineer-Manager Keir to review the status of township work with Supervisor Bernard Fowler.

It was the Board's understanding that grade and gravel construction on Pere Cheney Road was to be completed by Road Commission employees for approximately the first mile. If the needed right-of-way has not been obtained, Engineer-Manager Keir was to "hold" the project and inform the Michigan Department of Transportation, Local Government Section.

The Board reviewed Act 139, P.A. of 1978, a requirement for Class I endorsement on an operators license. Engineer-Manager Keir was to work out the details with the Union Representative.

Recommendations related to the responsibilities of Superintendent Feldhauser were studied. It was agreed to try another system of supervisory control on the road sections.

The Rock Salt bid was awarded to Domtar Industries for \$22.52 @ ton. The decision was made by Commissioner Cason and supported by Commissioner Kraus. All voted in favor.

There being no further business, a motion was made and supported to adjourn. All voted in favor, motion carried, meeting adjourned.

SERVICES IN THE FIELD—Chaplain (Cpt.) Hugh Dukes (2nd from right) conducts Protestant Services for members of Task Force 4/37th Armor during Operation "Spartan Fall" at Camp Grayling, Michigan.

Task Force Continues Operation "Spartan Fall"

Story and Photo by Cpt.
Tim Everett, MI ARNG

Over 600 soldiers of Ft. Knox, Kentucky's 194th Armored Brigade are continuing Operation "Spartan Fall" at the Michigan National Guard's Training Site at Camp Grayling, Michigan.

The main body of troops is composed of the 4th Battalion, 37th Armor, supported by A Company, 4th Battalion, 54th Infantry (Mech) and one

platoon from the 522nd Engineer Company. The Rapid Deployment Force's exercise, which continues thru 16 October, is designed to test a number of concepts associated with moving large quantities of troops and materials long distances and being operationally ready within hours after arriving at a destination.

Lt. Col. Rae Dehneke, commanding Task Force 4/37th Armor, is pleased with the

results to date. "We moved 104 vehicles over 500 miles in 18 hours and arrived with everything and everyone we started with. In fact, we moved everything we owned, with the exception of tanks, and actually saved enough money to pay for the exercise. We would not have been able to conduct this operation without the 50% transportation savings we realized by moving ourselves.

After completing Tank Gunner Table IX early next week, the Battalion will conduct an extensive ARTEP (Army Training and Evaluation Program) exercise during the period 6-10 October to evaluate the entire training status of the Task Force.

West Branch Wins K.C.C. Pistol Match

The West Branch Police Department walked off with top honors in team competition at the 5th Annual Kirtland Community College Pistol Shoot held September 21st in their home territory.

Over 50 police officers from throughout northern Michigan competed in the match, supervised by Vern Kapagian, Law Enforcement Instructor at Kirtland.

Deputy Bill Heemer of the Crawford County Sheriff's Dept. finished third in individual shooting, nailing 20 bullseyes enroute to 571 points, six behind the winner, Don Sproul.

The Roscommon Sheriff's Dept. and Tuscarora Police Departments finished 2nd and 3rd respectively in team competition, the Crawford County Sheriff's Team finished sixth.

Terry Gillette (Rose City), John Hicks (Hattica) and Dan Holden (Rose City) finished 1-2-3 in competition involving K.C.C. law enforcement students. Pete Glesser copped a second spot in individual shooting.

Kirtland Community College's Joe Callewaght of Grayling coordinated the event. Shoot officials praised R & H Sports Center of Grayling for their cooperation and assistance in providing trophies for the winners.

Every day, some thing is robbing you blind!

Here's how you can fight back.

Inflation! Silently, invisibly, it is destroying the ability of your insurance to do its job—pay to rebuild or repair your property following a fire or some other peril. The problem: construction costs are rising faster than your insurance coverage.

The answer: a series of "Inflation Fighters" from Aetna Life & Casualty, available from our agency. Don't let inflation rob you blind. Ask us about the "Inflation Fighters."

GHS Roundball Roundup

by Joe Schrader

The GHS girl's varsity and JV teams will play host to Cheboygan this Thursday night in conference matchups with the 3-3 overall record into Thursday's clash in search of its first league win of the season. The JV record stands at five wins against a lone loss to Roscommon last week. Here's the Viking scoreboard since September 16th:

VARSTITY

Vikes 50 Houghton Lake 42
Vikes 50 Kalkaska 42
Boyne City 78 Vikes 69
Roscommon 74 Vikes 50

JV's
Vikes 53 Houghton Lake 22
Vikes 36 Kalkaska 35
Vikes 26 Boyne City 20
Roscommon 35 Vikes 25

In the varsity loss to Rosco, Diane Lee hit double digits with 10 points, Jane Baynham added nine, Heidi Bendig, Jill Headlee and Lisa Radebaugh added six apiece, Jenny Riker and Joan Stevens chipped in with four each, Jean and Joyce Stevens hit for 3 and 2 respectively.

Against Boyne, Coach Marilee Cheney said Jean Stevens played an "outstanding" game, hitting for 22 points while hauling down 17 rebounds with 10 steals. Radebaugh added 14 points and Diane Lee, 13. "We just ran out of steam towards the end", Coach Cheney said about the Boyne loss.

Jean Stevens hit for 12 points and Radebaugh added 11 to lead the Vikes against Kalkaska. Radebaugh with 14, Headlee with 12 and Baynham with 11 topped the Vikes against Houghton Lake.

In the JV win over Boyne City, Shelly Trenary led the Viking attack with nine points, Jean Bitner chipped in with eight.

Lawrence Mattis
Chairman
Crawford Co. Bd. of
Commissioners
Crawford Co. Courthouse
Grayling, MI 49738

Re: Location of A.I.S. Homes, Sherwood Forest No. 2 Sub., Red Wing Terrace Subdivision and Cloughs Highland Acres Sub.

Dear Mr. Mattis and Members of the Board:

As you know, the placement of the proposed A.I.S. Homes in the above referenced subdivisions have encouraged stiff opposition from home owners in those subdivisions. I am sure that you are further aware that the Department of Mental Health has determined to go ahead with construction regardless of the fact that the home owners in those subdivisions have rather vehemently expressed their disapproval of the plan.

I have finally had the opportunity to review the Comprehensive Placement Plan put out by the North Central Michigan Mental Health Services, dated November 1979, which I understand was presented to you as a Board on December 10, 1979, by Roger VanderSchie, Director of the North Central Michigan Mental Health Services. I note, after reviewing the Comprehensive Placement Plan, that on pages 7 and 8 under the sub-heading, Site Location, the North Central Michigan Mental Health Service indicates that they are not interested in developing homes in neighborhoods where strong opposition is present, and too, that neighbors of selected site locations will be contacted and their opinions will be solicited.

I am sure that you presumed, as I would, that the contacts with neighbors would be made prior to the determination by the State to go ahead and locate the homes on a given site. As you know, that contact was not made. There have been contacts with neighbors in the above referenced subdivisions, and to the best of my knowledge, those have been uniformly indicative of the residents disapproval of the proposed plan.

I also note on page 5 of that same Comprehensive Placement Plan under the sub-heading, Commissioners Support, that the North Central Board has agreed that it will not pressure development of such homes in Counties where they do not have the support of the Board of Commissioners.

I have been informed, as I'm sure you have, by Mr. Fowler and others that there are many other sites available in this County for location of these facilities, other than in the three subdivisions previously mentioned.

As a result of all of the above, I would like to respectfully submit to the Board that the Board entertain rescinding its resolution of December 10, 1979, approving the Comprehensive Placement Plan and presumably approving the present construction plans unless and until the North Central Michigan Mental Health Services Department chooses other alternative sites in Crawford County for the placement of these facilities.

As further support for a resolution to rescind your prior approval, I would note that the Grayling Township Board passed a similar resolution on August 12, 1980. The fact that the Mental Health Service has not lived up to its representations under the Site Location Provision of the Placement Plan as it was presented to you should also provide you with additional impetus for a motion to rescind your previous approval.

If you do rescind or withhold your previous approval, it will then be very interesting to see whether or not the State intends to proceed despite its previous representations to the contrary. Thank you for your kind attention to this communication.

Very truly yours,
Alton T. Davis & Associates, P.C.

•Morford reported on the status of the city's stop sign replacement project. Thirty new signs have been ordered and workmen will replace those which have worn out or fallen victims to vandalism.

October

(Continued from Page 1)

provided food, clothing, and shelter where needed, to each of the eleven families, by issuing orders on the stores of their choice, totalling over \$4800. Crawford County Chapter is the only Red Cross Chapter in Northern Lower Michigan that so performed.

Service to Military Families is provided 24 hours per day, 365 days per year, by a few dedicated Volunteers, and almost \$400 worth of long distance phone calls were made to serve the men and women in the Armed Forces from our County and their Families.

For five years in a row now the wonderful Blood Donors of Crawford County have given as much Blood as Mercy Hospital has needed and as much as our Citizens required outside of Crawford County, and in each of these five years, exceeded the goals established for the Chapter.

In the 1980 fiscal year completed June 30th, our Donors gave 614 pints of their precious Blood, the biggest year as yet, which was 146.4% of our County's quota, and thereby importantly helped the southern areas of the State where Blood collections were severely reduced and blood was critically scarce, because of plant shutdowns and layoffs.

Also the number of our citizens and high school youth trained in First Aid, Cardiac Pulmonary Resuscitation and Water Safety reached new all time highs.

Yes, the Chapter's record is one to be proud of; and the Community should be particularly proud of the Volunteers who worked so hard to render these Services because the Chapter is totally operated by unpaid Volunteers!

And surely the Community should be very proud too of the 211 Good Neighbors who contributed \$5406 last October to make these Services possible!

BUT, the \$4840 Disaster Relief Cost of the 1980 fiscal year ended up as a net deficit of \$1950 over the Chapter's total income, which had to be covered out of Reserve Funds.

The financial needs for the current 1981 fiscal year is \$7123! That is 27% more than contributed last year, and does not recoup any of the 1980 deficit!

If Red Cross is to continue to serve the people of Crawford County to the standards achieved in the last several years, some way, some how, this \$7123 must be raised.

Certainly it is not fair to expect the 211 faithful Good Neighbors who have consistently and generously supported Red Cross financially to

shoulder all this responsibility. Only about one in every twelve households in Crawford County contributes money to Red Cross, but every household wants to receive the full benefits of Red Cross if Disaster strikes; or they need Blood; or they wish to communicate with a Son or Daughter or Spouse in the Armed Forces; or if a Medical Emergency exists, they want the Ambulance Attendant or Deputy Sheriff, or even the Volunteer Fireman, to be fully trained in First Aid and CPR.

Don't you think that those of you who do not financially support Red Cross ought to reconsider? You wouldn't want your house to burn down and then discover Red Cross couldn't help because there wasn't enough money contributed, would you?

Please, HELP KEEP RED CROSS READY! Send a check today to Crawford County Chapter/American Red Cross, RR 2, Box 2515, Grayling, MI 49738. DO YOUR SHARE! Thank you.

Seniors

(Continued from Page 1)

you'll soon learn how very important that service is; counsel and advise those who desire such counsel and advise, on diet, exercise, therapy and general medication usage.

4. Furnishing facilities for, and training and supervision in crafts, covering most everything from woodworking, ceramics, needle craft, painting, macrame, copper and silversmithing to "you name it".

5. Exercise programs from conventional body calisthenics to tri-cycling, weekly swimming, shuffleboard, to dancing.

6. A "Kitchen Band" involving more than 20 music makers with everything from a kazoo to a washboard, that is so good it is invited all over the State to entertain at all kinds of local functions.

7. A Greenhouse, a recent special grant to the Center, where the gardeners and flower lovers can pursue their hobby.

8. Entertainment programs that range from card playing (bridge, pinochle, euchre, rummy, hearts, cribbage), books to read, music to listen to, TV to watch, home moving showing, slides and/or movies of trips, to special dinners, parties and trips from 50 to 5000 miles in length, to Bingo every Wednesday night. The profits from Bingo, incidentally, go toward supporting the buses, for repairs and insurance.

9. The "Vial of Life" program is a procedure whereby the medical information on each

member of a household as to regular medications used, allergies, sensitivities to specific drugs, blood pressure, etc., are recorded on a form which is enclosed in a vial and stored in the home refrigerator. All Police and Sheriff personnel, as well as Firemen and Ambulance Attendants, are familiar with the Vial of Life program and in emergencies check the refrigerator for the vital data FIRST!

10. Providing all Seniors who care to cooperate with a Medical Identification Card with similar vital emergency information recorded thereon, for carrying in their purses or wallets.

11. Every week day, hot, noon day meals, are delivered by Volunteer drivers to shut-ins who cannot come to the Center—the "Meals on Wheels" program.

12. A few months ago an "In Home" service was funded by modest grants whereby individuals go into the homes of handicapped and/or otherwise bed ridden Seniors, to clean their homes, change bed linens, perhaps cook a meal while they are there. The Home Service people, however, cannot personally assist the patient by bathing them or massaging them. Their work must be limited to caring for the home only. This program, however, has been of inestimable help to oldsters recuperating from operations, strokes, and to the handicapped.

13. Every day, after luncheon, there is a program for the luncheoners. It may be a talk by one of our local Ministers, or training in how to make out income tax forms, with special advice for Senior tax benefits, or a talk on any one of a hundred subjects in which Seniors have expressed interest.

14. Once a month the noon day Luncheon program is also taken to areas beyond the Center itself in Grayling: To Frederic, to Lovells and to South Branch, so those oldsters who cannot conveniently get to the Center have at least a monthly contact with some of its activities. Nurses accompany these satellite programs to take blood pressures, etc.

15. In addition, members of the Center Staff help the Seniors with all their paper work-making out the documents for Medicare, Medicaid, Blue Cross-Blue Shield and other medical insurance plans; state property tax refunds; heating cost refunds for oldsters; state and federal income tax forms, and the like.

This is not a complete list of all the things the Center does or provides for our Seniors, but it covers about 90% of them.

Next week we will tell you how the services are provided and how they are funded, and the unfavorable financial future faced by the Center.

Woolgathering

BY Jackie Bonkowski

This is my first week with the Avalanche, and my first assignment wasn't pleasant. Controversy never is. There's always the risk of being labeled a literary pyromaniac, or a whitewasher. I'm alluding, of course, to the AIS story, and it's gonna be the subject of my "Woolgathering".

How did the AIS Home Program get started in Crawford County? I can speak to that with some knowledge, because I was a member of the Board of Commissioners which voted unanimously to adopt the Comprehensive Placement Plan of North Central Mental Health Services back on Dec. 10, 1979.

The plan was presented to the Board by former Regional Mental Health Director Roger Vander-Schie, who responded to a multitude of commission questions concerning AIS. The benefits of the plan to patients and to the community were weighed, and the concerns, including safety, funding, community acceptance, and quality of care were discussed in depth.

Assurances were given. These residents would not be behaviorally disruptive. They would be selected based on their readiness for community orientation. The homes would be attractive, well kept, and suitable in design to their location. The staffs would be trained by professionals, and work under the supervision of professionals.

Construction of the homes in Crawford County would provide tax base, jobs to help combat our high unemployment, training for local people in a meaningful field, stimulus to local business, since goods would be purchased locally, and the guarantee that our own local people presently housed in state facilities would be given first priority for admission. Finally, or I should say "above all", the board was assured that no AIS home would go into an area where there was strong neighborhood opposition.

This pledge was not extracted, but was freely given for a logical reason, and is included on page seven of the plan. A hostile neighborhood environment would be counter productive to community orientation, and therefore harmful to the AIS residents themselves.

The media was present at this meeting, and the subject was subsequently given considerable

exposure by both local papers and local radio. Public Response? None!

A committee was appointed, made up of two Township Board Supervisors and three commissioners. I was one of those commissioners. Assignment: select a variety of sites in Crawford County which would meet the safety restrictions of setback from highways and water, etc., and submit these selections to the state for review. We selected thirty one sites, hopeful that from these, three or four would ultimately be acceptable to all concerned.

Folks, that committee didn't choose thirty one sites because they had nothing better to do then pour over plat maps. They chose thirty one sites because it left room for numerous alternatives, should the need arise. Freely translated, I'm assuring the skeptical that there was no clandestine plot by local officials to deny public input, or ride "roughshod" over homeowner rights.

So what happened? How did the project progress so far before community opposition was evident? I don't know. The art of "back passing", like sleight of hands, is mostly illusion, and has become so refined I'm never sure I saw what I thought I saw. I only know the intent of local officials to do right by their constituents was honorable.

I'm sorry, for the Regional Mental Health Board, because credibility gaps, whether rightfully earned or not, heal slowly; and the scars may jeopardize public support for some badly needed programs.

For the commissioners and township officials, I'm admittedly sympathetic. I've done the "slings and arrows of outrageous fortune" scene with them too many times not to empathize with the disappointment they must feel. I've also, with them, played David to the State's Goliath and know what it's like to be trampled by the Philistines.

I'm sorry for the property owners, who are not intellectual and spiritual pigmies, but worried citizens who feel they've been denied a voice in a plan which will affect them and their families.

Mostly, I'm sorry for the handicapped individuals who may be denied the community acceptance and tolerance which was to have been so vital to their successful treatment. There, surely, is the greatest injustice.

Women's Club To Meet

The Christian Women's Club of Houghton Lake and surrounding communities will hold its monthly luncheon at the Holiday Inn of Houghton Lake on Tuesday, October 14, from 1-3 p.m.

The local club extends an invitation to all women of the area to attend this Indian Summer luncheon. Our special feature will be presented by Mary Frederick of Fantastic Ceramic Shop. Mrs. Pat Wynalda, soloist from Rockford, Michigan, will provide musical selections. Our guest speaker, Mrs. Kathy Gyene Baarman, escaped from communist Hungary. She is a mother of four sons and resides in Holland, Michigan, with her husband.

Nursery care will be provided for the luncheon at the United Methodist Church, 7059 West Houghton Lake Drive, M-55. Reservations for the children are necessary.

Cost of the luncheon is \$4.25. For luncheon and nursery reservations, please call Louise Hammond 422-5489 or Dolores Peckham 821-9317 by October 9. Reservations are necessary for everyone and cancellations are essential. Late reservations are accepted. Everyone is invited to bring a friend.

Day Care Underway

Crawford AuSable Day Care is underway and having lots of fun.

Our boys and girls have gone on many super field trips that include: McDonalds, fresh doughnuts at the bakery, guard camp, fire station, blueberry picking, a tour of the ambulance, a teacher of macramé, a trip to Reptile World and a tour with Dial-A-Ride. October holds in store many more exciting adventures.

Our boys and girls are treated daily to fun arts and crafts, finger plays galore and an educational center for developmental growth. We play, learn, rest, eat nutritional meals and respect one another.

Crawford AuSable Day Care is a non-profit center, trying to meet the needs of our community. We open at 7 and close at 6. This includes five days a week, rain or shine or snow. We are open twelve months a year and together with the children celebrate holidays.

Feel free to stop and visit with us at any time or phone if a question arises-348-7709.

Musical Genius Maynard Ferguson at KCC Oct. 3

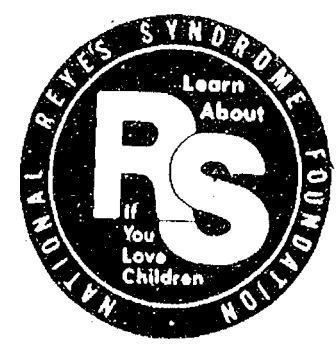

Maynard Ferguson has been called a "genius", as well as "ingenious", "Abhorrent", "sophisticated", "offensive", "powerful", "shocking", "colorless", "fantastic", and "nothing short of crazy". This vital artist will be performing on stage at Kirtland Community College on Friday, October 3 at 8:00 p.m.

In the early days of his career, Ferguson played with Stan Kenton and with Jimmy Dorsey. In the 60's, he experimented with Indian spirituality and music. In the 70's his music was influenced more and more by pop music until today he appeals to a very wide audience of listeners, dancers, and students of music education and appreciation. His enormous popularity led to appearances on "The Mike Douglas Show" and the "Dinah Shore Show" and when PBS-TV presented a 3 hour "Big Band Bash" it featured 34 minutes of Maynard Ferguson. Another indication of his popularity is his record

sales. During the past decade with Columbia Records he has sold more records than any other band leader on the label since the '40's.

Tickets for the concert are available at KCC's bookstore and library, Roscommon Hardware and Gifts, and the Grayling Holiday Inn. They will also be available at the door. For more information call 275-5121. Special group rates are available upon request.

25th Class Reunion

The class of 1955 held its 25th reunion at the home of Don Denton Jr. on September 20, 1980. Featured was a "Pig Roast". The able cooks were Don, Larry Balch, and Jim Dannenburg. The dinner featured salads, beans, rolls, and coffee. A large cake congratulating the class was donated by Denise and Derek McEvers.

The evening was spent visiting and reminiscing, learning where everyone was now located and telling of their jobs and families.

A gift raffle was part of the evening with Tom Lamm of Clarkston and Mrs. Larry Balch (Dee) East Tawas being the winners.

In memory of our class sponsor Mr. Earl Gierke, 2 books have been purchased under the direction of Charles Kolb, High School Librarian and will be placed in the High School Library.

Those attending from out of town were: Mr. and Mrs. Gary Atkins, Dearborn, MI; Mr. and Mrs. Larry Balch Jr. East Tawas, MI; Mr. and Mrs. Richard Klein, Houston, Texas; Mr. and Mrs. Tom Lamm, Clarkston, MI; Mr. and Mrs. Dale Pettengill, East Lansing, MI; Mr. and Mrs. George Phillips (Jean Malloy) Mt. Clemens, MI.

Mr. and Mrs. Gary Parkinson (Marian Millikin) Roscommon, MI; Mr. and Mrs. Charles Keway (Judy Munsie) Linden, MI; Mr. and Mrs. Jay Dubay (Clara Nill) Cocoa, Fla.; Mr. and Mrs. Jim Paskala (Wanda Yoder) Eau Claire, MI.

Those attending from Grayling were: Lila Goinick (Bunker); Mr. and Mrs. Derek McEvers (Denise Sorenson); Mr. and Mrs. James Failing (Pat Thompson); Mr. and Mrs. James Dannenburg; Mr. and Mrs. Don Denton Jr.; Tom Gibbons; Mr. and Mrs. Peter Stephan; Mr. and Mrs. Jr. Hose (Sandra Newell).

Our teachers attending were: Mr. and Mrs. Bob Bovee; Mr. and Mrs. Bruce Smith.

We received a letter from Georgianna Lutz (Campbell) from Lansing and phone calls from other classmates, Shirley Matthews of Canoga Park, California and Bob LaMotte Jr. of Powell, Tennessee. A classmate who graduated from another school also attended Dorothy Watkins (Turvo) of Midland.

We would like to thank Don and Puff Denton for the use of their home and all the extras that were involved.

CARD OF THANKS

I would like to thank everyone for their prayers and thoughtfulness while I was in the hospital in South Carolina and Washington, D.C. The cards and flowers I received, made me feel close to home at a lonely time.

Sincerely,
Micki Reynolds

Around the World With Steve Rison

EDITORS NOTE—This is part one in a two part series covering Steve Rison's Trip "Around the World".

In London now reflecting on what has been another collection of super experiences in England, Scotland, and Ireland.

Arriving about 3 weeks ago, I headed first to Ely to visit some friends, toured the cathedral and was treated to a real American dinner at the U.S. Air Force Base at Mildenhall. It was another sign that I was getting closer to home so it was especially appreciated. Hitting, I moved through some pleasant countryside under sunny skies to a farm near Northampton passing near the village of Fotheringhay, famous as the last home of Mary, Queen of Scots before she lost her head in the mid 1500's. The weather being unusually pleasant added to the encompassing atmosphere of the many small middle-age stone villages passed along the way.

Leaving Ely I proceeded further north stopping for a couple of days in York where I visited Colin, an archeologist and friend of Holly Knibbs, who also had spent some days in Grayling a couple of years ago. As York is a city rich with history and historical sites it was especially fortunate to have such a knowledgeable guide. We spent part of one afternoon climbing the scaffolding and tower of an old Saxon church which Colin was working on. I was able to gather some interesting insights into the realm of archeology as well as learning a bit of the history of the Saxons and Normans in this part of the country. I spent another afternoon touring on my own, visiting the Castle Museum with its authentic recreation of a 19th century English shopping street and later the National Railway Museum with its fine collection of famous steam engines and royal railroad carriages. (Oh, how nice it would have been to have one in India!)

From York I continued on to Newcastle/North Shields where I visited a friend I had met 6 years ago while waiting for a ship to Norway. Tommy Henderson owns a pub in North Shields, a workingclass town with an active fishing and shipping industry located along the northern coast. It has a rather rough reputation and was quite a contrast to historical York which I had just left. Nevertheless, my reception was warm and accepting and through this fine contrasting experience was able to touch yet another segment of British society. My only problem oc-

curred in the pub when talking with some of the local patrons I found it necessary to have everything repeated. Although it may have appeared that I was hard of hearing, it was, in fact, simply my difficulty in understanding the accents which became more and more difficult as I headed north towards Scotland. The Scottish accent might well have been another language altogether.

Scotland, however, and Edinburgh in particular—one of my all time favorite cities, was the next stop. Here I rendezvoused with a friend I had met in Fiji and met also some other travelers from Australia and Argentina. Together we toured the city and surrounding area climbing the Salisbury Crags, Arthur's Seat, heard some fantastic traditional Scottish folk music and ate some of the best tasting fish and chips so far.

Having toured the highlands before, I decided to abbreviate my tour of Scotland and head straight to Ireland. I took a ship to the Northern Irish port of Larne and then a bus to Belfast. The capital of Northern Ireland as well as many other places passed, presented a pretty sad picture of bombed out buildings, blocked out windows and barbed wire—lots of barbed wire! The police stations, courts and some shipping areas were under such tight security it reminded me of the East German border. To use a phone in the Belfast Europa Hotel I was first interrogated, searched, and told to leave my bags in the security shack before being allowed to proceed to the lobby. The hotel was completely surrounded by high mesh fences and barbed wire as well. I decided not to linger in the north and proceeded the next afternoon to the Irish west coast in the Republic.

My first day was miserably wet but the next improved and my successful hitching brought me into contact with many pleasant folks as I weaved my way through the peaceful countryside including County Roscommon (in Gaelic—"Ros Comain"—Land of St. Comain). I continued on to Galway then to Kilvara, a small village near the coast. The scenes of green fields and neat stone fences complimented the slow pace and friendly atmosphere. The following day I achieved a long-time goal of seeing the dramatic beauty of the pastureland suddenly stops at a sheer escarpment which drops straight to the sea some 1,000 ft. below. WOW! It takes your breath away!

We realize you have no desire to meet the artist personally. But isn't her work magnificent?

Delicate . . . graceful . . . symmetrical. Yes — and functional. So very functional! Charlotte has to eat, you know . . . this is her insect trap.

Nature is a lesson book in design and purpose. God seems to have taught so many of his creatures to meet necessity with artistry.

It's a lesson man has been learning for ages — with God's own help. Learning to add some beauty as we make our way . . . to enrich the scene for those who labor with us.

Your Church or Synagogue teaches God's design . . . His purpose.
